

## SENIOR PROGRAMS

### **AARP Driver Safety Course 50 +**

Sunrise Recreation and Park District is again sponsoring an AARP driver safety class for those 50 and over. This class is an 8-hour class, which helps older drivers become more aware of changes that occur due to aging and how to adjust driving accordingly. The course also reviews some of the basic rules of the road and the typical types of violations that occur with older drivers such as the failure to yield right-of-way, improper left turns, etc. and how to improve these situations. The course also covers current issues such as aggressive drivers and the proper use of air bags. Taking this course may help you save money on your automobile insurance. The State of California mandates that an automobile insurance discount be given to people completing the driver improvement course. The course is taught by an AARP Driver Safety course volunteer.
