SUNRISE RECREATION AND PARK DISTRICT **ATHLETIC FIELD ALLOCATION POLICY**

PURPOSE

The purpose of the Sunrise Recreation and Park District's Athletic Field Allocation Policy is to provide guidelines for groups and organizations that offer athletic opportunities for participants of all ages and use outdoor athletic facilities that are managed by Sunrise Recreation and Park District.

Specifically, the policy aims to:

- Create an equitable, efficient and fair approach to field allocations that ensures equal access.
- Allow for a comprehensive array of organized athletic activities to meet the needs and desires of Sunrise Recreation and Park District residents.
- Help promote the planned activities of the various independent athletic organizations serving Sunrise Recreation and Park District.
- Promote sports that develop healthy, productive citizens through constructive sports activities.
- Provide participants of all ages and abilities a variety of athletic opportunities grounded in principles of good sportsmanship.
- Improve and maintain effective communication and cooperation between Sunrise Recreation and Park District and the facility users.
- Provide safe athletic facilities based on needs, professional standards of quality, and the efficient use of available resources.
- Work closely and cooperatively with each other to ensure quality maintenance and scheduling of athletic facilities.
- Serve as a referral service for participants who request information concerning athletic programs in the Sunrise Recreation and Park District.
- Permit the use of District athletic fields and ensure that all facilities are being utilized correctly with regards to the intent of the field design and in accordance with District Policies and Procedures.

PROCESS FOR OBTAINING PERMITS

Permits are issued after a request has been presented, all required documents are submitted, fees are paid, insurance requirements are met, and approval has been granted. A request does not constitute approval. Game and practice schedules may be required for verification and to ensure that fields are being used as designated.

Field Permits are required for any organized sport associated with a team, league or school. Non-allocated groups who wish to use an athletic field must complete the appropriate application. The District has exclusive discretion when scheduling District fields. Field permits are issued to priority groups as identified under priority group classifications. An application must be submitted 5 working days prior to a permit being issued. Payment is due in full at the time the permit is issued. Submission of an application does not constitute approval.

PRIORITY GROUP CLASSIFICATIONS

Priority use of fields will be allocated as follows:

Group 1: District sponsored or co-sponsored events, and District operated youth and adult athletic programs and/or leagues. Roseville Joint Unified High School District will have priority at Antelope Community Park prior to 5:00 p.m. on weekdays and various weekends when school is in session.

Group 2: Only youth organizations that are non-profit or not-for-profit must have more than 50% District residents; Youth Sports Groups (Local), Adult Sports Teams enrolled in SRPD Leagues (Practices Only), and Senior Citizen Sports Groups (Local).

Group 3: These groups have 50% or fewer District residents; Youth Sports Groups, Adult Sports Groups and Senior Citizen Sports Groups that are non-profit or not-for-profit.

Group 4: This group is general youth and adult users. For profit organizations, tournaments, clinics and/or camps with individual or team participation fees.

ALLOCATION PROCESS

Both lighted and unlighted athletic fields (softball, baseball, and soccer) at various community parks are available for reservation by the public when not otherwise scheduled. Sunrise Recreation and Park District residents may reserve up to four separate times by going to the District office at 7801 Auburn Blvd., Citrus Heights, CA and complete a Field Use Permit. Athletic leagues and private organizations requiring ongoing use for more than a month will be considered Long-Term and will be required to complete a Facility Use Agreement and complete a Field Use Permit.

Reservations for field use should be made at least 5 working days in advance.

The applicant will initially contact the District office to determine whether the group or organization is eligible pursuant to this Policy, and if so, to determine the availability of facilities. Following this initial contact, the applicant will provide the information for the Field Allocation request and complete the required request form located on page 7.

The applicant will then submit the application form with all supplemental and requested information to the District office. If the applicant is eligible and there are no other groups requesting the same facilities at the same times, then the Recreation Services Manager will process the request. If there is a conflict between requests for use the Recreation Services Manager will evaluate all the information submitted by the applicants, based on the provisions set forth in this Policy, and will use his or her best efforts to arrive at use agreements that will accommodate the needs of all applicants. The Senior Recreation Services Manager will make every effort to avoid disrupting existing youth sports user groups in good standing and will assign new applicants to underutilized facilities first. This may make it necessary for new applicants to modify the way in which they schedule games and/or practices.

Field allocation priority will be given to youth sports organizations serving the following sports during the months indicated:

- Softball: February – July Request due by **December 31st**
- Baseball: February – July Request due by **December 31st**
- Football: August – November Request due by **May 31st**
- Soccer: August – December Request due by **May 31st**

- August – December: Priority given for soccer and football
- Some overlap between seasons may occur.
- **The District reserves the right to set aside additional time during the year for turf recovery, improvements and maintenance.**

All request(s) received after the due date will be processed after those received on or before the due date.

Field allocation requests will not be processed until after the season's due date. After the due date the permits will be issued within 30 business days.

Field allocation requests made by individual teams will be considered only when fields are not subject to a league or group allocation, or after all known group allocations have been made for the upcoming season.

All fees must be paid (where applicable) at the time the permittee reviews and signs the Facility Use Agreement. This signature confirms acceptance of assigned fields.

Refunds will be granted only when two (2) weeks prior written notification is given. E-mail correspondence may serve as written notification.

The District reserves the right to cancel reservations. If this occurs, the rental group will be refunded or credited for all time not used.
