

SUNRISE KIDS CLUB Preschool Newsletter

February 2022

News from the Director

Thank you to the families that have donated masks and other PPE. We will continue to enforce a strict mask policy when at the site. With your help we have seen more children wearing their mask properly. Please remember that if your child test positive for Covid 19 to let the site know immediately. We are no longer tracking close exposure. We will inform parents when anyone at the site test positive for Covid 19. To minimize exposure we must continue to watch for symptoms and keep children home when they are not feeling well. We are thankful for your patience and cooperation as we try to navigate through these uncertain times.
